

Make Your Own Explorer Hat

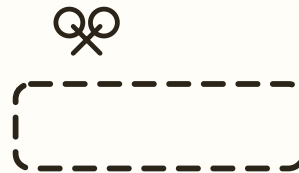

Every explorer of Wilderwhim Woods needs a hat – just like Barry's!

1

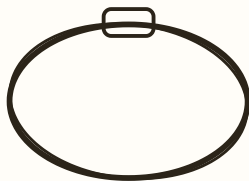

Color the three hat-band strips, the badge, and the feather on the next pages.

2

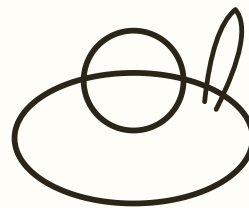

Cut along the dashed lines. Ask a grown-up to help with the scissors.

3

Tape the strips end-to-end into a ring that fits your head.

4

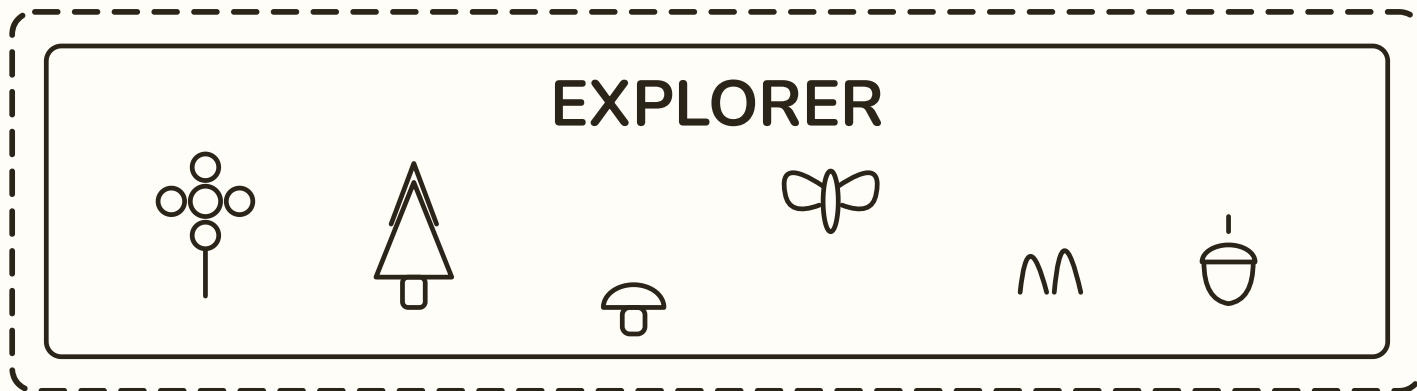

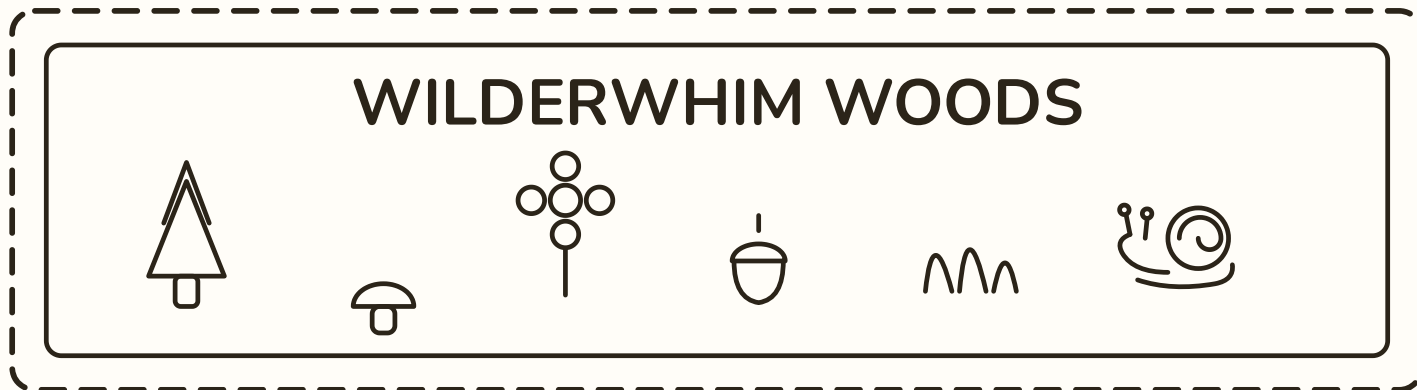

Tape the badge on the front and tuck the feather in the side. You're an explorer!

You'll need: crayons or markers · safety scissors · tape · a grown-up helper

Hat Band Strips

Color all three strips, then cut along the dashed lines.

Tape all three strips together end-to-end, then size the ring to your head before the final piece of tape.

Explorer Badge & Feather

Color them, cut them out, and finish your hat.
